WARDROBE ACCESSORIES

Store. Hang. Protect. Contain. Pull-out. Shelves.
The Salice Excessories Collection provides elegant and highly desirable enhancements to everything that wardrobes are used for, with an almost infinite variety of beautiful products that can be customised to suit your own individual taste and needs.
Exquisitely designed gloveboxes, coat hangers, trays and much more, breathe new life into bedroom design by transforming simple storage - ingeniously optimising space with stunning interior design possibilities.
The drawers and the illuminated shelves, symbolic of a refined, elegant and rigorous minimalism, are the perfect combination of technological development and aesthetics, ensuring that the contents of the wardrobe are perfectly stored and displayed.
A tasteful palette of colours and a range of surface textures ensures both the freedom to personalise the selection of accessories and their perfect compatibility with wardrobes of any design and material.

excessories
store

Beautifully-proportioned glovebox trays which can accommodate a selection of storage elements for items that require special care and attention.

In particular, the collection includes watch-holder trays, spectacle holders, ring holders, earring holders, made of imitation leather, available in various colours and dimensions, according to individual aesthetic and functional requirements.

Purpose-made holders for wristwatches, rings and earrings fit perfectly within elegant drawer inserts.

The inserts can also be placed on drawer bottoms, made of imitation leather, thus creating a precious and highly aesthetic drawer, able to embellish all the stored items.

Like the gloveboxes, the drawer bottoms with three dividers, made of imitation leather, can be also used to store ties, scarves or belts.

eXcessories
hang

Details always make the difference.
The collection also boasts an extractable or rotating coat hanging hook which, when fixed to the shelf, offers an additional handy support when needed.

A multiplicity of options to hang clothes and accessories neatly and to keep them looking their best.
Hangers, cloth and bag hangers, scarf, tie and belt holders made of wenge-dyed beech wood can be now fully personalised with precious inserts or leather supports with many possible combinations.

In the same way, even the most functional items, such as hanger rods can be equipped with a leather sleeve.

eXcessories
protect

Accessories which protect clothes and keep them with elegance inside the wardrobe. The fabric holder bags, height adjustable and provided with pleats to easily contain bulky items of clothing, are made of 100% cotton and available in various colours.

The elegant coat-holder bags can be folded with buttons made of wenge-dyed olive wood.

eXcessories
contain

Boxes and trays for clothing or other items, covered with elegant fabric, enable the internal space to be organised and enriched with tones and colours.

Several dimensions and multiple finishes to select, both boxes and trays can be embellished with a tab and/or a front label made of imitation leather.

eXcessories

pull-out

The drawers too, available in different versions and heights, play a central role in the Excessories collection.

4-sides aluminium drawers, characterized by elegant shapes and a futuristic style, come with bottoms made of wood, glass or imitation leather.

A classic synthesis of technological development and design, they stand out for the elegance of the profiles, oozing perfect aesthetics and smooth and sinuous shapes, also enabling, from a functional point of view, the easy cleaning of the drawer bottom.

3-sided aluminium drawers with wooden frontal are also available.

Thanks to an easy and quick assembly and a clean and refined aesthetics, the drawers are perfectly compatible with wardrobes of any design and material.
No technical element is visible.

The drawers with glass frontals make the wardrobe even more elegant and desirable.

The drawers are unique and highly distinctive thanks to their faultless design, the attention to details and their sophisticated working, especially between the side and the frontal.

A range of accessories for drawers is also included in the collection: trouser and skirt hangers, shoe racks in mesh or sheet metal and bed linen storage compartments made of quilted fabric.

The Excessories collection is the answer to any possible applications, always offering the best solution.
The side spacers, for example, used in case of wardrobes with double or sliding doors, allow the perfect pulling out of the drawer, without hitting the doors of the wardrobe.

excessories

shelves

Nowadays the light plays a vital role in walk-in wardrobes.
The illuminated shelves of the collection bring clothes and accessories to life; the wardrobe lights up and animates all the stored items.

The lighting system is perfectly hidden and the shelf bottoms, made of glass, amplify even more the brightness and the luminance.

The hanger rail, and the special refined working of its supports, complete and embellish the product design.

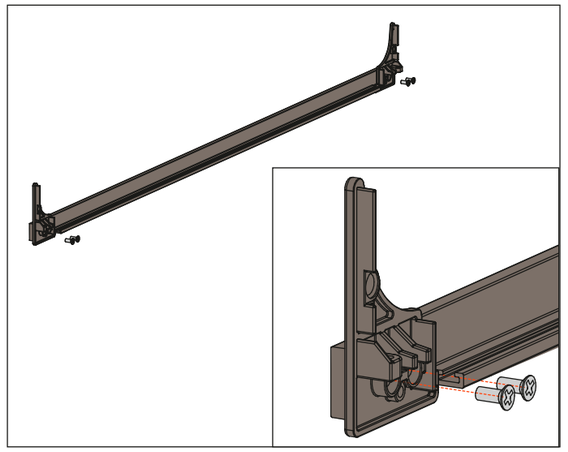
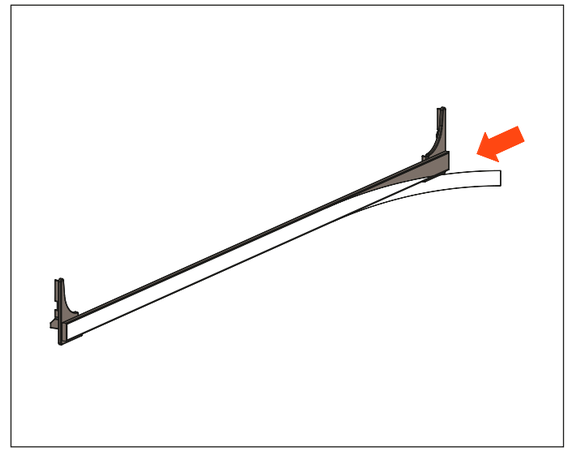
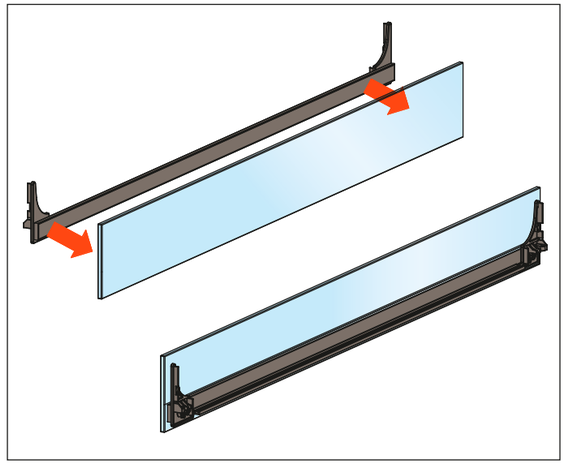
1. Fix the end caps to the front profile



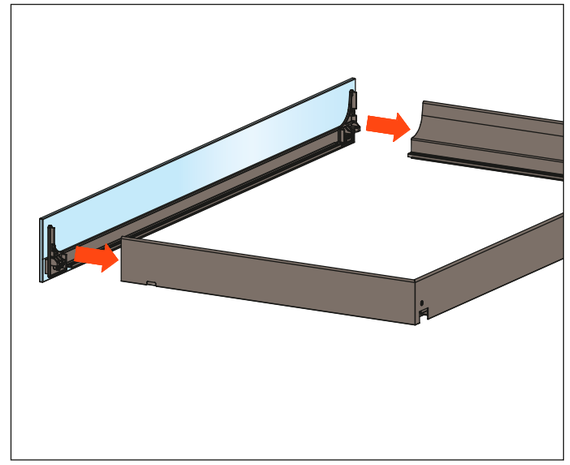
2. Remove the protective film from the adhesive tape that is pre-glued to the profile



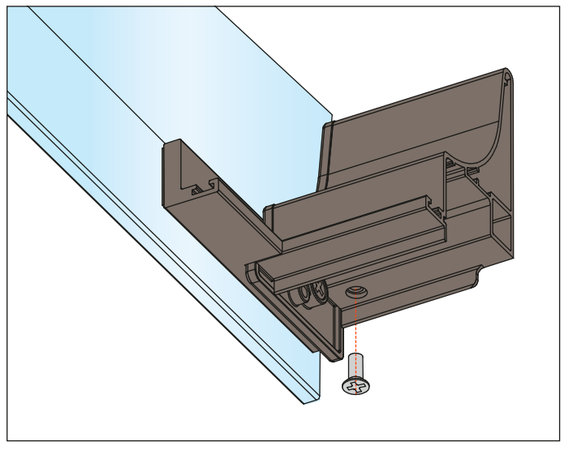
3. Press the profile firmly onto the glass



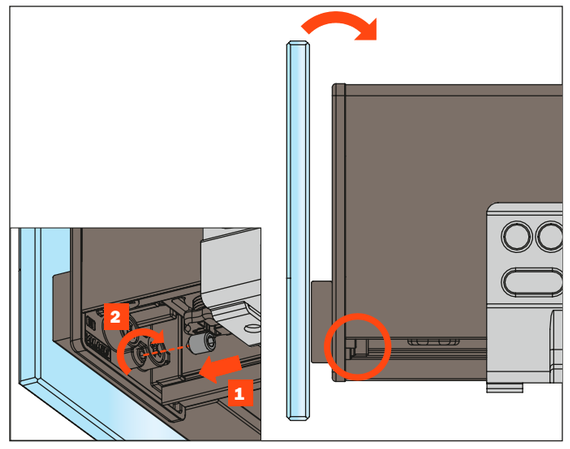
4. Profile fixed to the glass



5. Insert the end caps into the drawer side profile



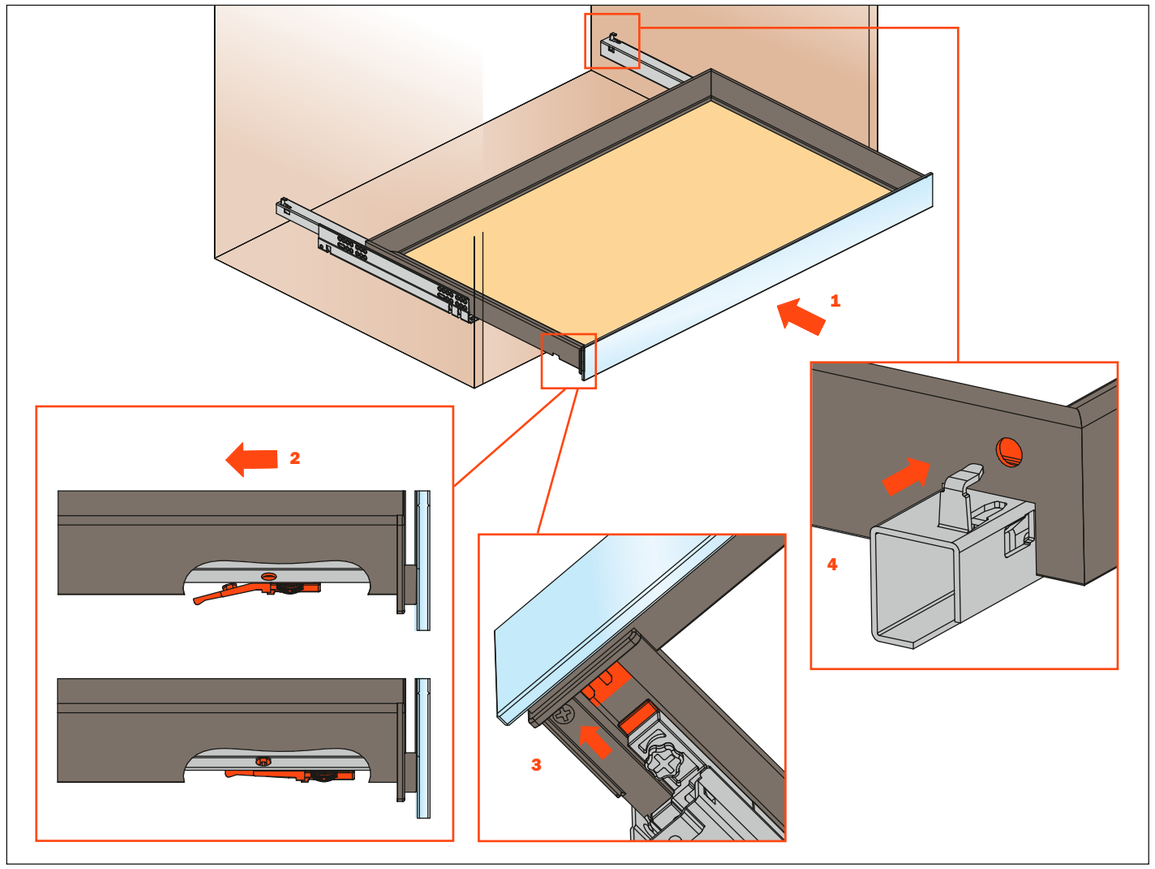
6. Insert the grub screws and rotate them to adjust the frontal



Excessories - pull-out - technical information

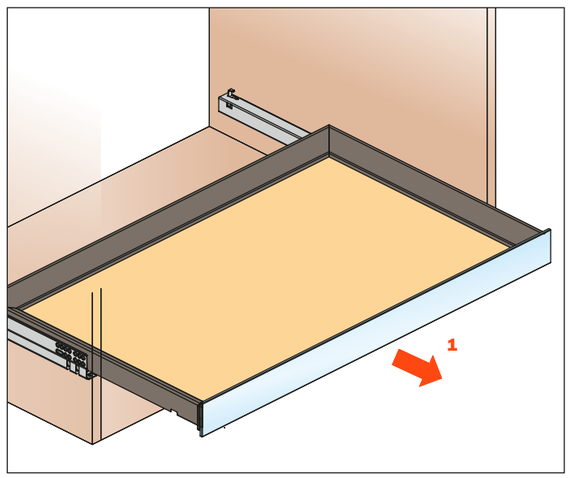
Mounting the drawer onto the runners

1. Place the drawer on the runners and close it
2. The flexibility of the fixing system enables the clips to engage
3. Engage the locking pin to prevent the overturning of the drawer
4. Locate the rear hooks

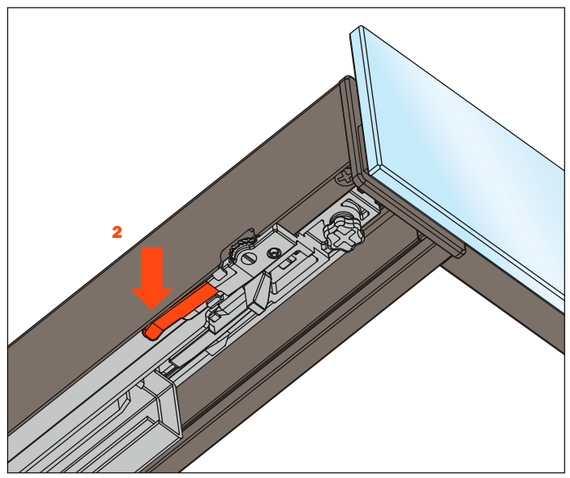


Disassembly of the drawer

1. Open the drawer



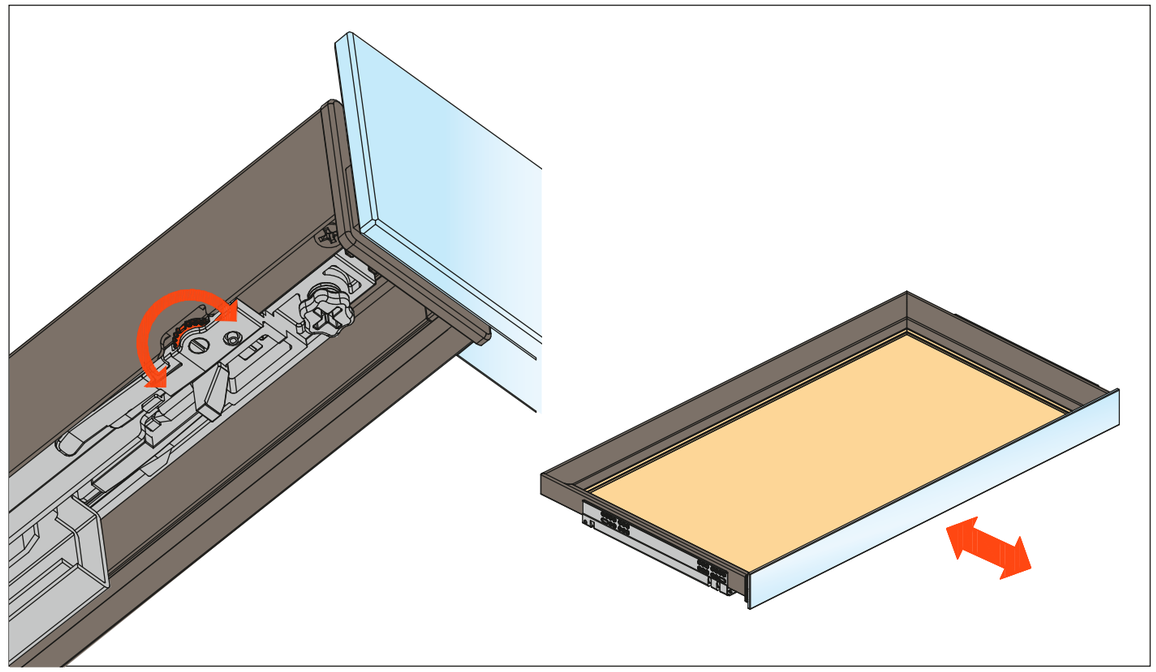
2. Press down the lever indicated here below and pull out the drawer



Adjustments

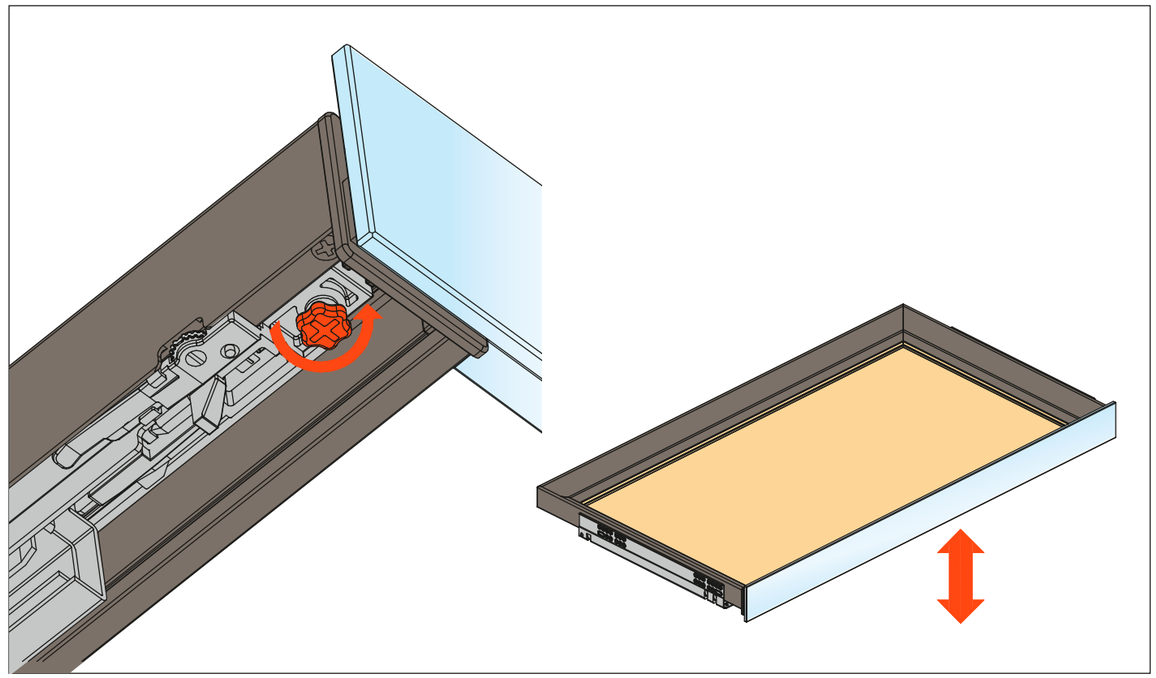
Depth adjustment +2 -2 mm

Rotate the wheel towards the front of the drawer to move the drawer forward.
Rotate the wheel towards the back of the drawer to move the drawer backward.
This operation is tool free.



Height adjustment + 5 mm

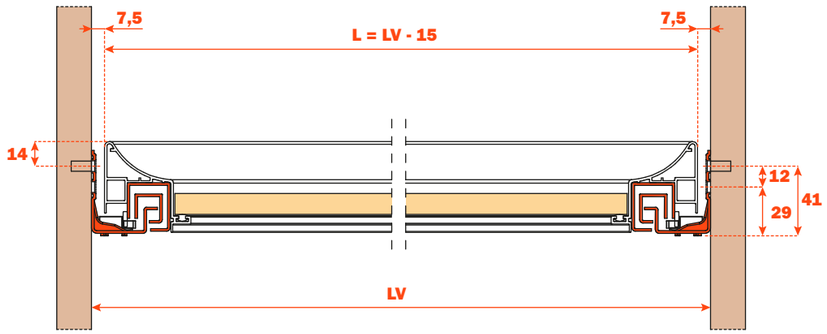
Rotate the lever towards the front of the drawer for the height adjustment.
This operation is tool free.

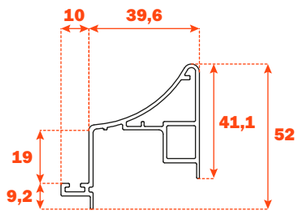


Excessories - pull-out - 3-sided drawer H 52 - wooden frontal

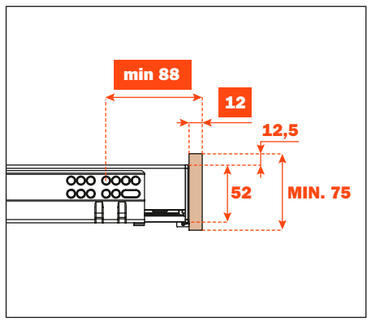
Aluminium 3-sided drawer H 52
WOODEN FRONTAL H 75

- Profile height: 52 mm
- Max. drawer width: 1500 mm
- Material: epoxy-coated aluminium
- Finish: metal grey brown
- Equipped with full-extension Futura runners
- Integrated height and depth adjustments
- Equipped with anti-tipping device
- The drawers are supplied assembled complete with the gasket needed to hold in place the drawer bottom and accessories
- Frontal and bottom not included
- Bottom can be made of wood or glass

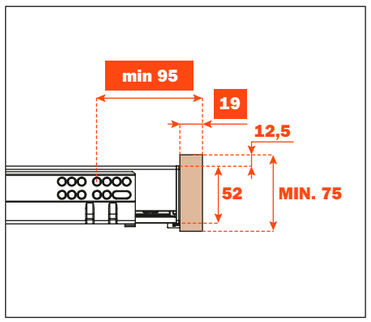


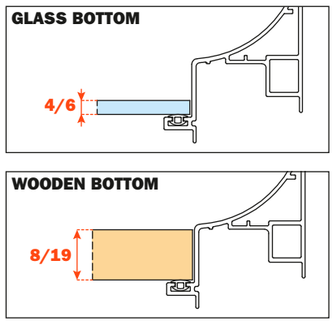


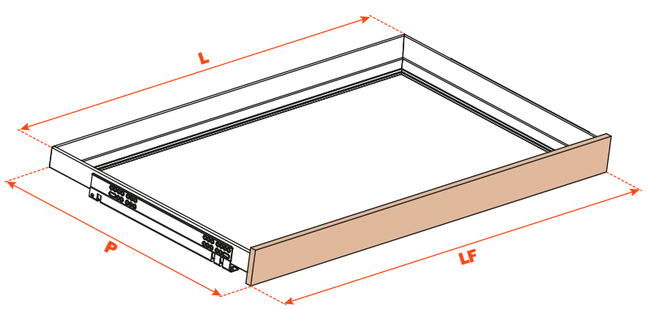
ASSEMBLY WITH WOODEN FRONTAL, 12 mm THICKNESS

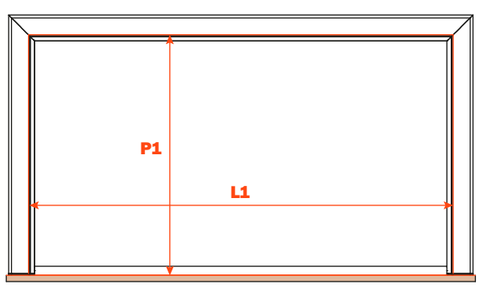


ASSEMBLY WITH WOODEN FRONTAL, 19 mm THICKNESS









Kit for the frontal fixing (to be ordered separately)

1. 6,3x14 mm TPSV Euro screws
2. Fixing caps
3. Aluminium profile
4. Connecting elements

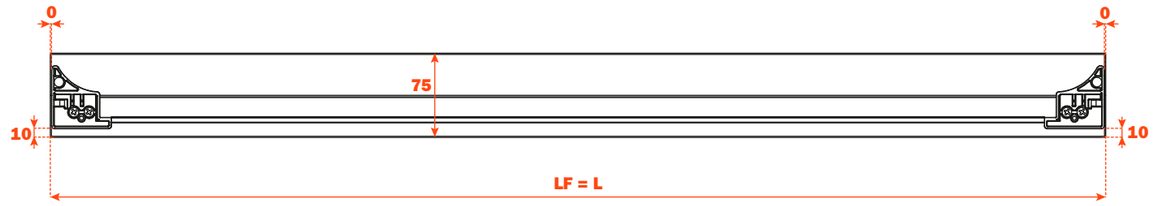
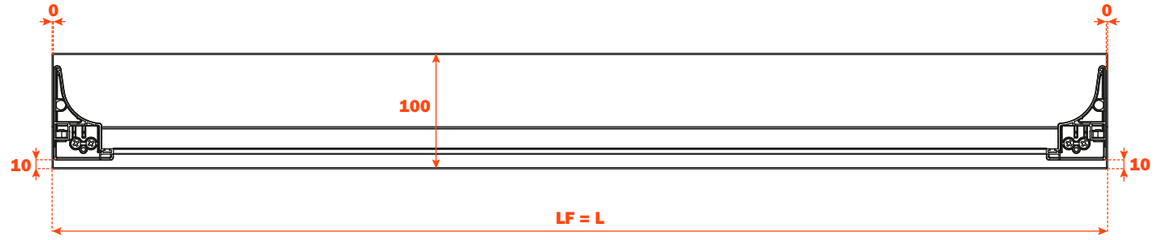
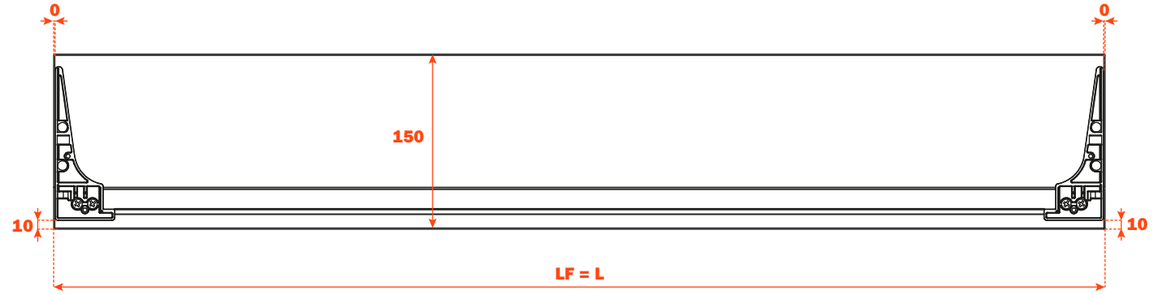
Spacers with 3-SIDED drawer for GLASS FRONTAL

Fixing the profile to the frontal

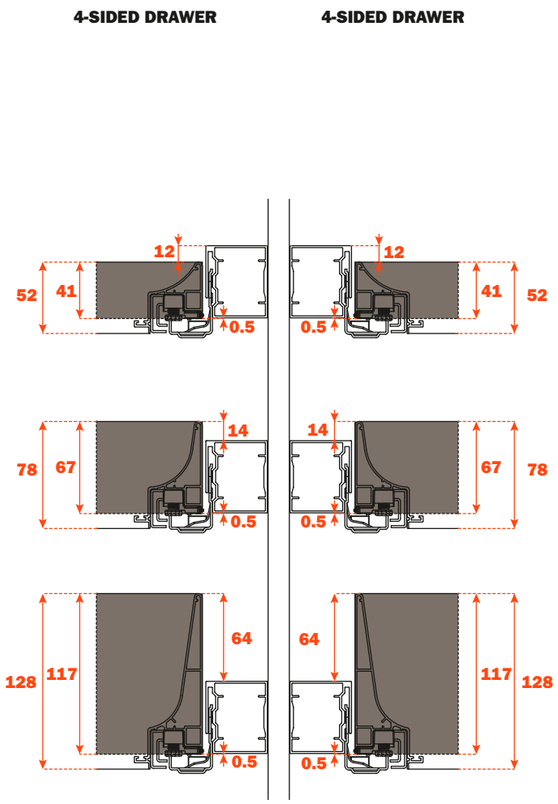


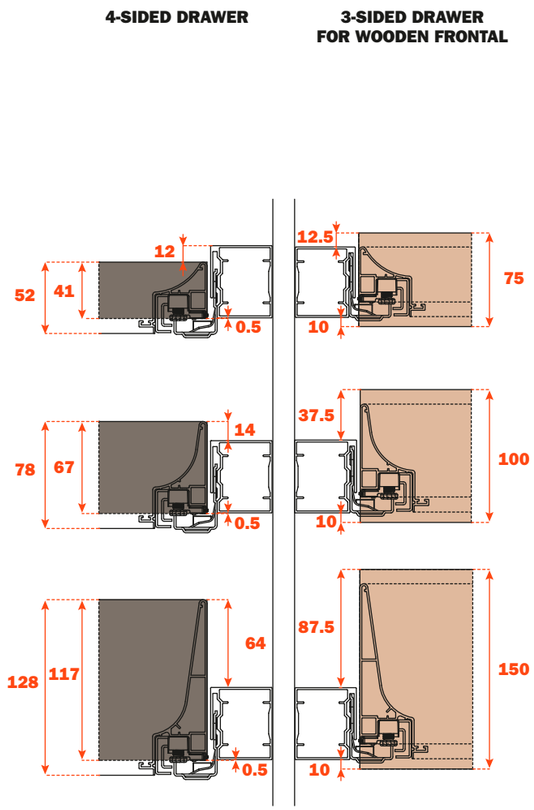


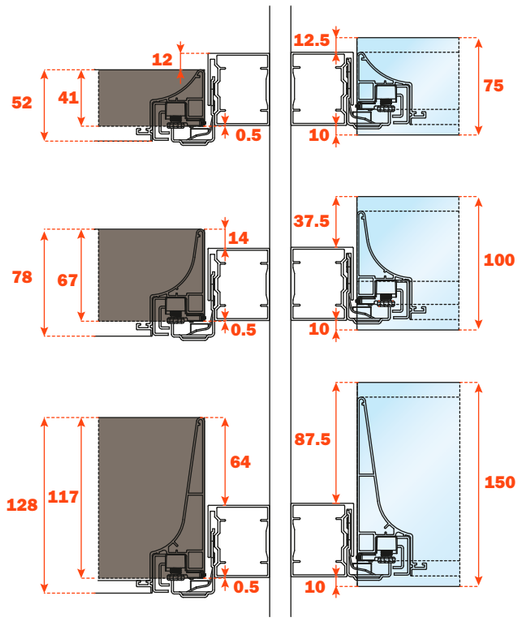


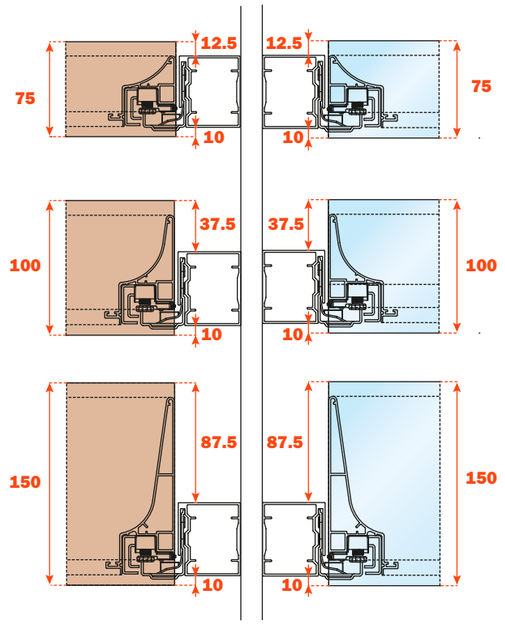
Excessories - pull-out - spacers

Guidelines to fix spacers

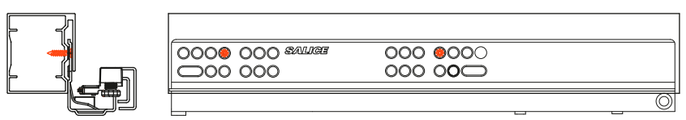




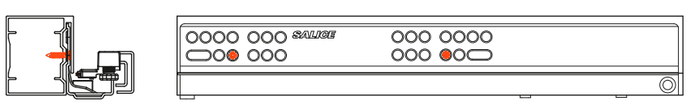




FIXING 4-SIDED DRAWERS
It is recommended that the runners are fixed to the cabinet using the upper holes



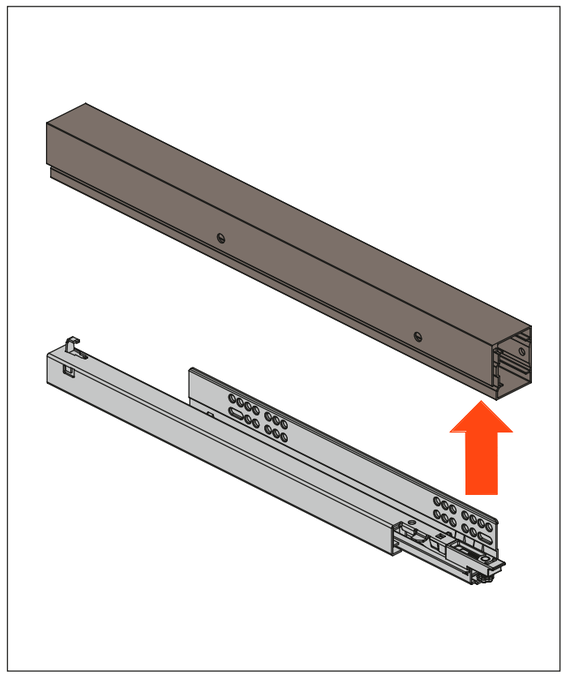
FIXING 3-SIDED DRAWERS
It is recommended that the runners are fixed to the cabinet using the lower holes



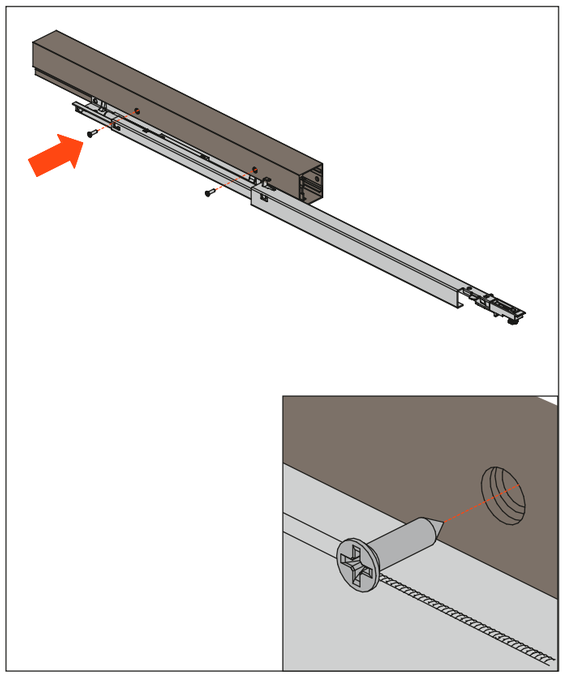
Excessories - pull-out - spacers - assembly instructions

The spacers enable the drawer to be fully opened without impedance from hinged or sliding doors.
They feature an innovative quick-fixing device which ensures that the runners are correctly and accurately installed.

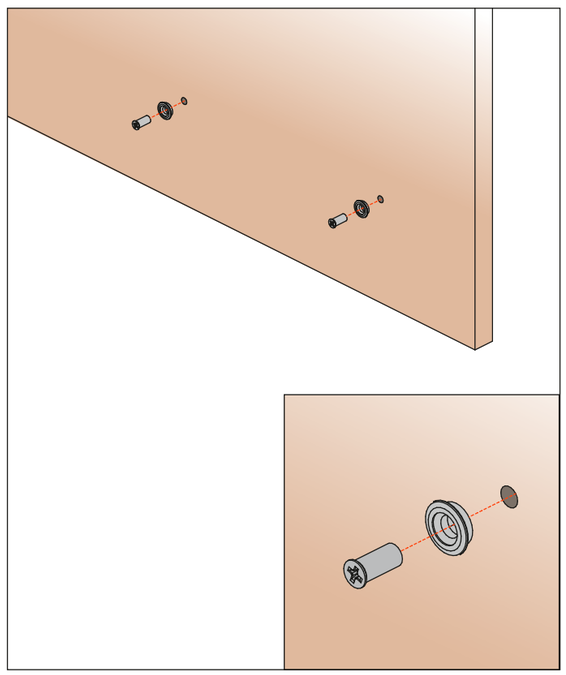
1. Insert the runner into the spacer



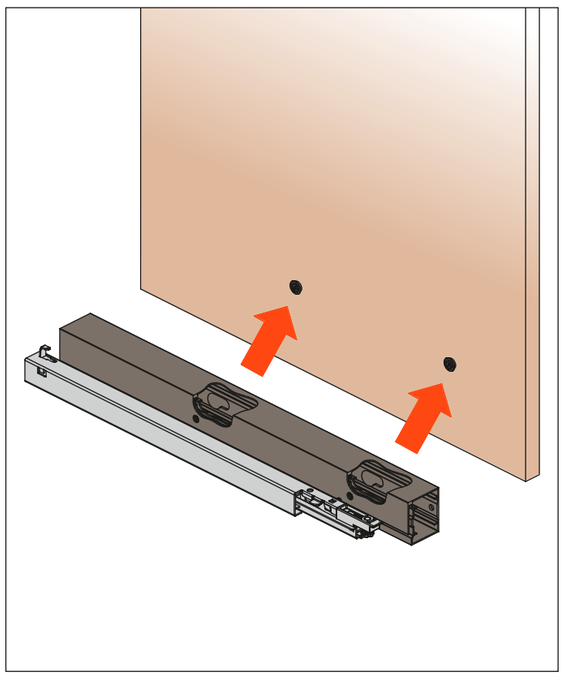
2. Fix the runner to the spacer using the screws provided



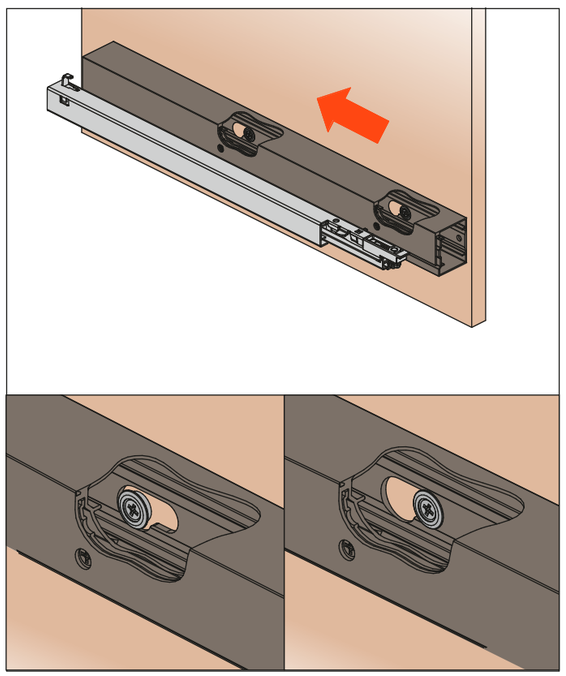
3. Screw-fix the spacer supports to the cabinet side



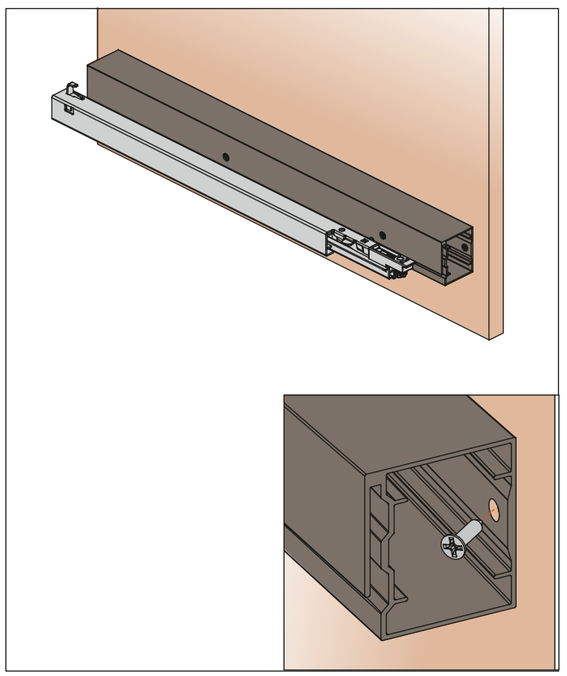
4. Position the spacer onto the supports



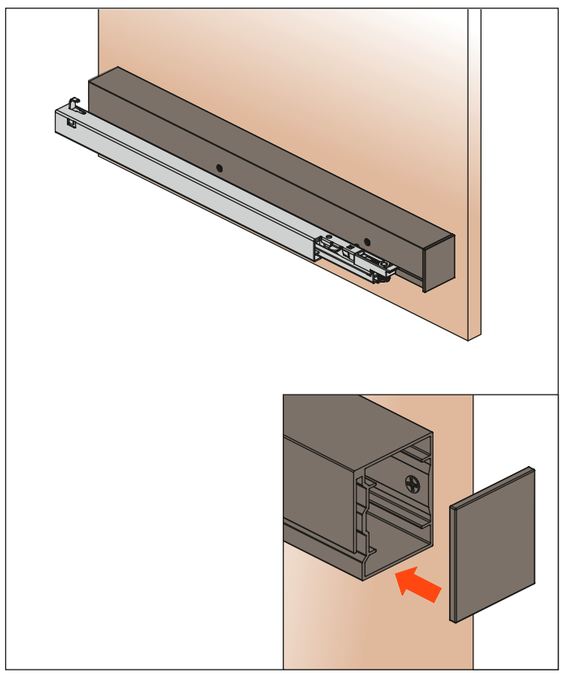
5. Slide the spacer backwards to locate the supports in their keyhole recesses



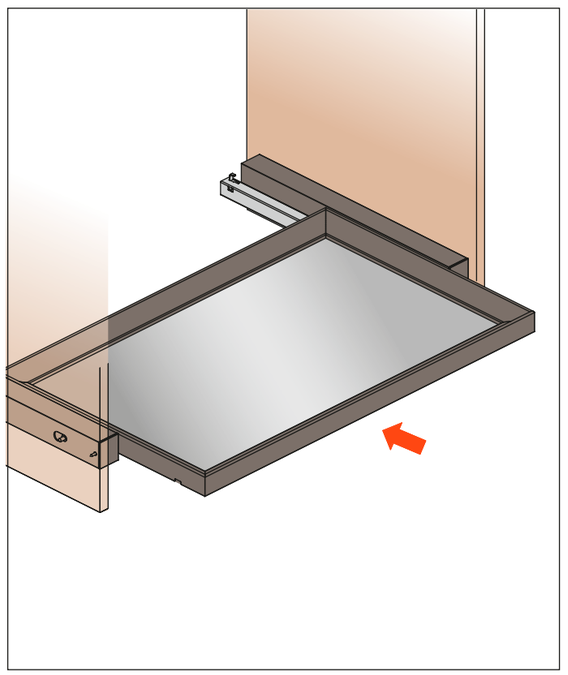
6. Secure the spacer in position using the front fixing screw



7. Insert the end caps



8. Install the drawer onto the runners

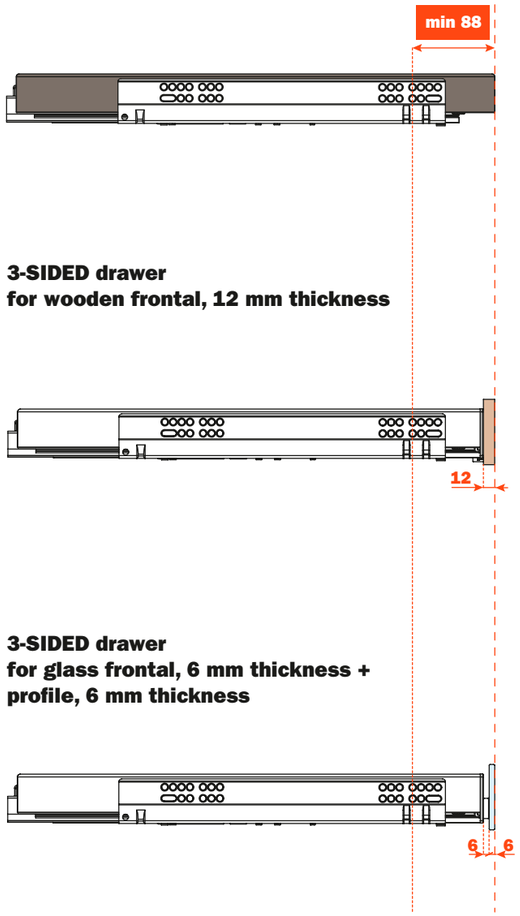


Excessories - pull-out - drawers alignment

With the same side drilling, 4-sided drawers **are frontally aligned** with 3-sided drawers with wooden frontal (12 mm thickness) and with 3-sided drawers with glass frontal (6 mm thickness + 6 mm profile thickness), as illustrated below.

With the same side drilling, 4-sided drawers **are not frontally aligned** with 3-sided drawers with wooden frontal (19 mm thickness) and with 3-sided drawers with glass frontal (6 mm thickness + 13 mm profile thickness), as illustrated below.

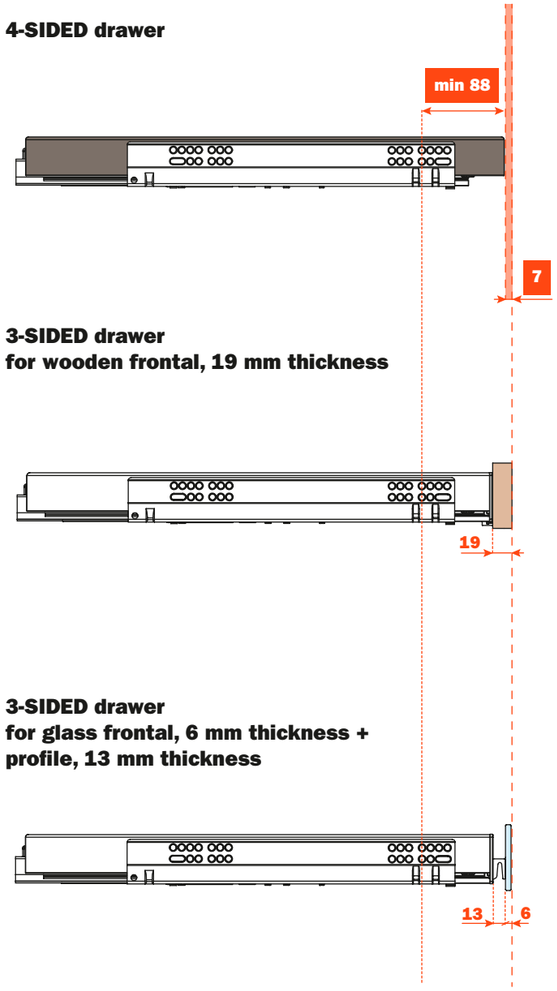
4-SIDED drawer



3-SIDED drawer
for wooden frontal, 12 mm thickness

3-SIDED drawer
for glass frontal, 6 mm thickness + profile, 6 mm thickness

4-SIDED drawer



3-SIDED drawer
for wooden frontal, 19 mm thickness

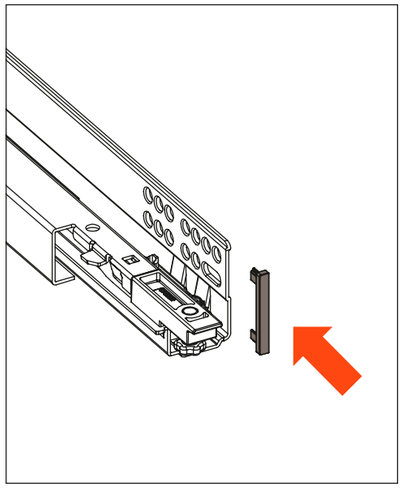
3-SIDED drawer
for glass frontal, 6 mm thickness + profile, 13 mm thickness

Excessories - pull-out - cover for runner

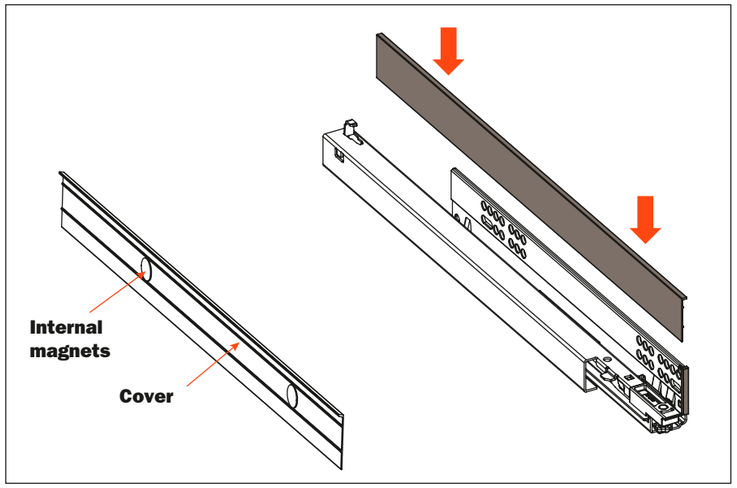
YE80FXGA00433B = Pair of covers for Futura runners, length 350 mm
YE80FXGA00533B = Pair of covers for Futura runners, length 400 mm
YE80FXGA00633B = Pair of covers for Futura runners, length 450 mm
YE80FXGA00733B = Pair of covers for Futura runners, length 470 mm
YE80FXGA00833B = Pair of covers for Futura runners, length 500 mm

Cover for runner
- Cover material: epoxy-coated aluminium, with magnets to fix the runner
- End cap material: plastic
- Finish: metal grey brown
- Packing: 20 pieces per box, magnets included
- Assembly with magnet

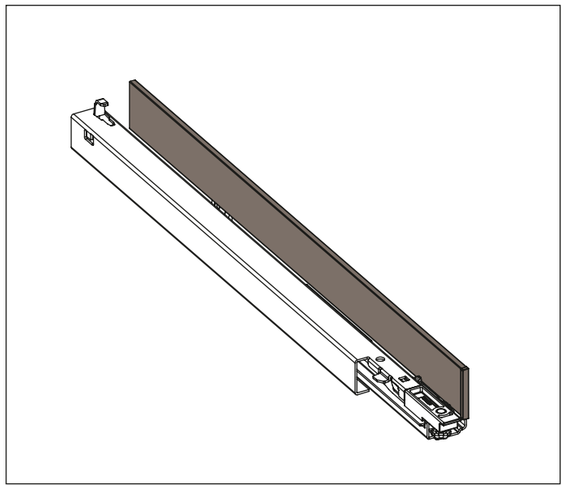
1. Insert the end cap into the runner



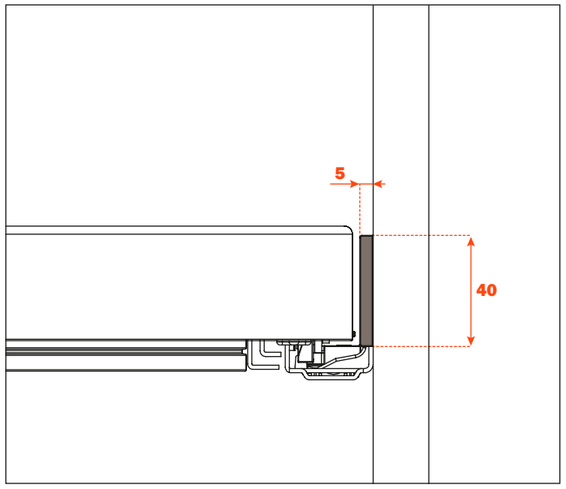
2. Fix the cover to the runner



3. Cover in place



4. Space required

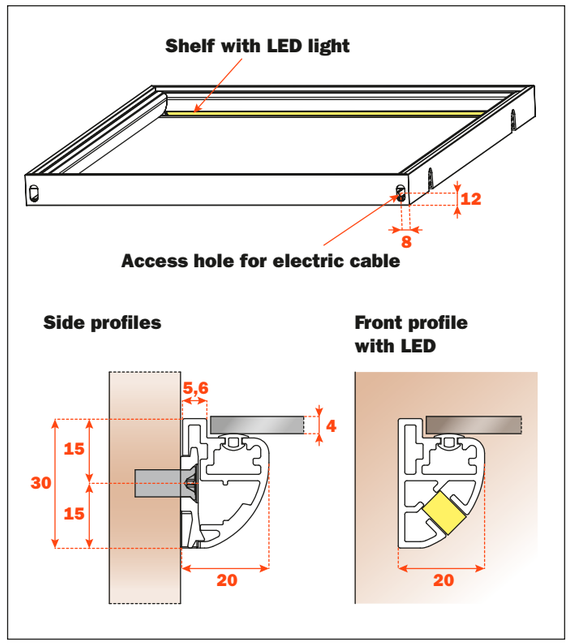


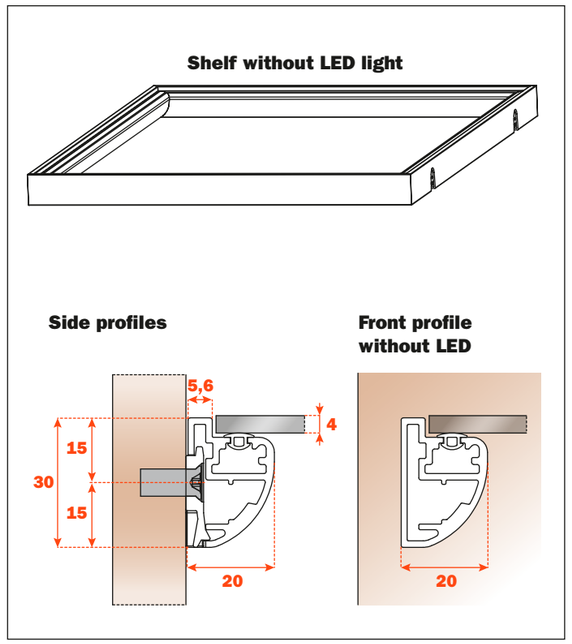
Shelves

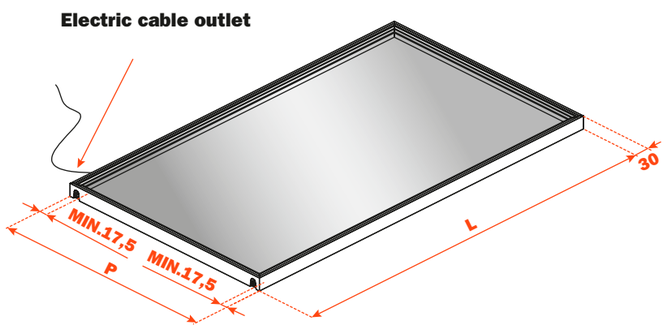
Excessories - shelves - aluminium frame H 30 mm

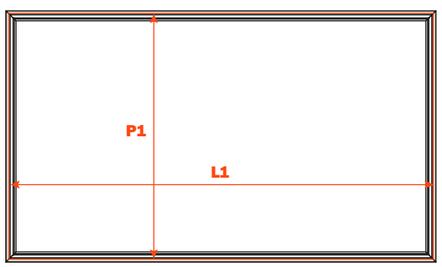
Shelf with aluminium frame

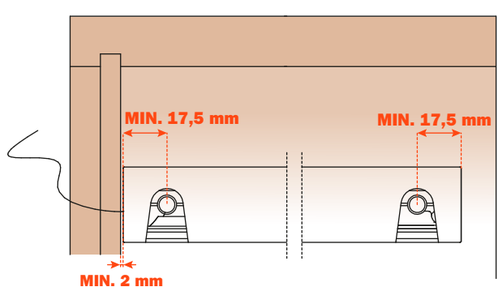
- Profile height: 30 mm
- Material: epoxy-coated aluminium
- Finish: metal grey brown
- Max. width: 1500 mm
- Fixing: side fixed with slide and lock device
- Complete with gasket to hold glass inlay in position
- Glass not supplied
- Available without LED light or with 3000K/4000K Dual colour, 24V LED light
- Available white or smoky grey covers for LED
- 3 metre extension cable included
- Custom made to order by specifying width (L) and depth (P)
- Consumption: 13W/M







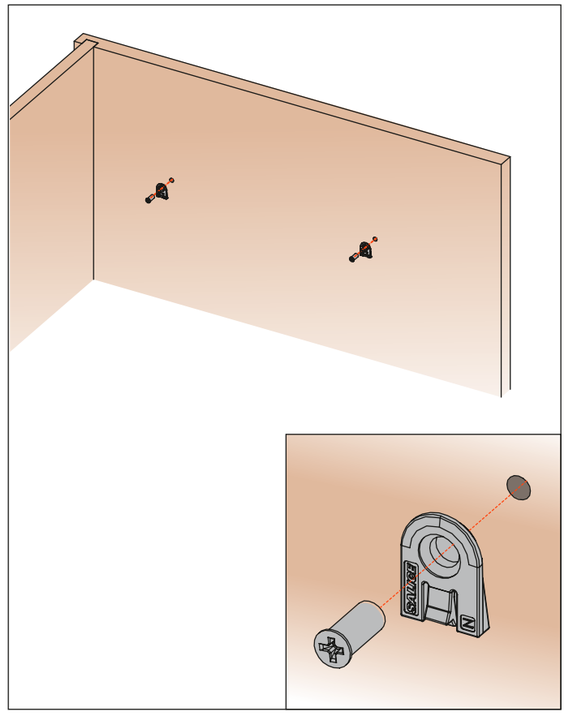




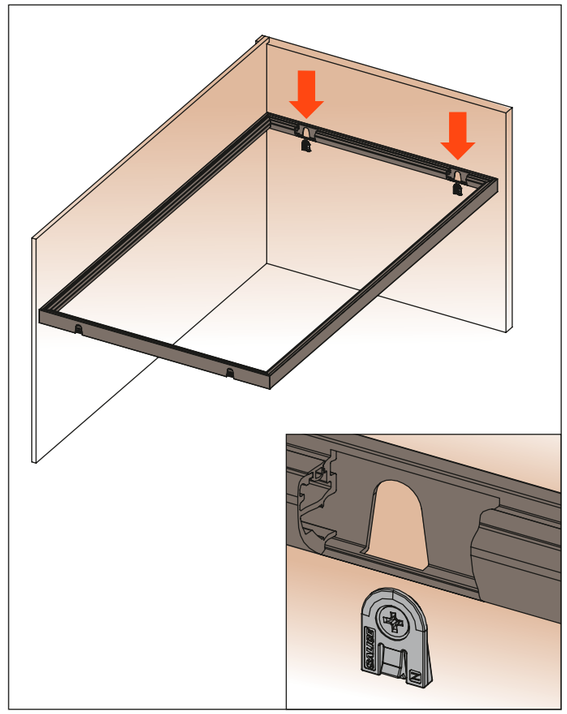
Internal width (L1) mm	Internal depth (P1) mm
L - 13	P - 13

Assembly instructions

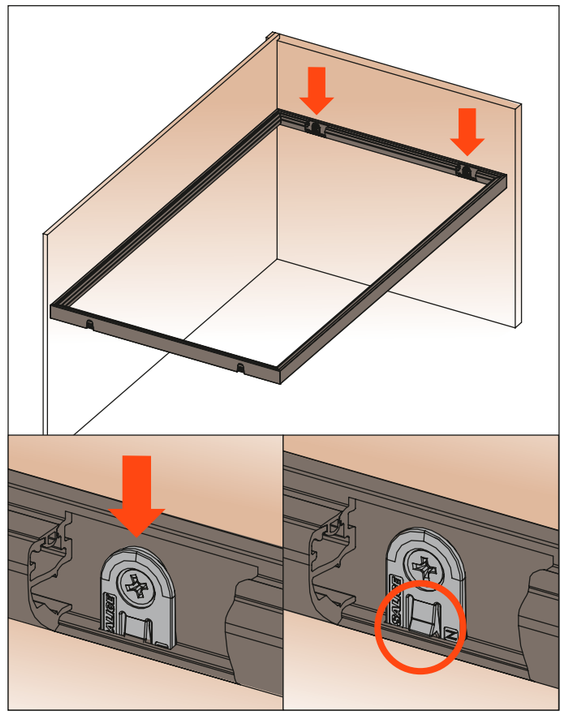
1. Screw-fix the supports to the cabinet side



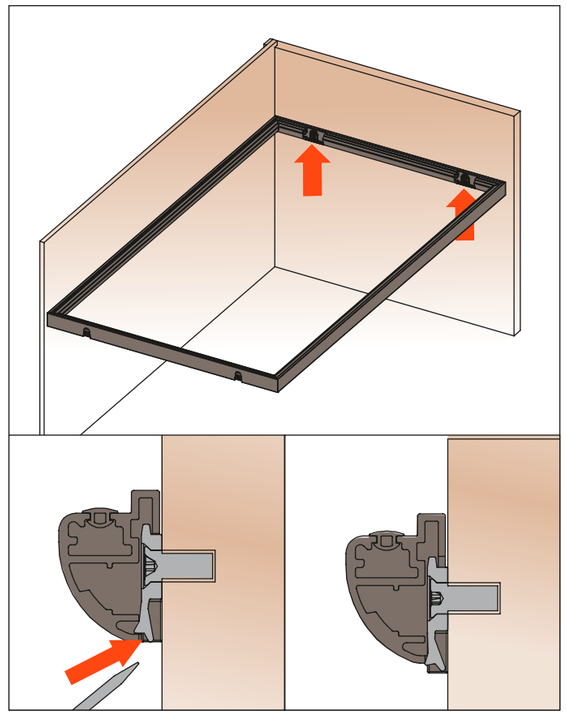
2. Place the shelf onto the supports



3. Press down firmly to lock the shelf in position



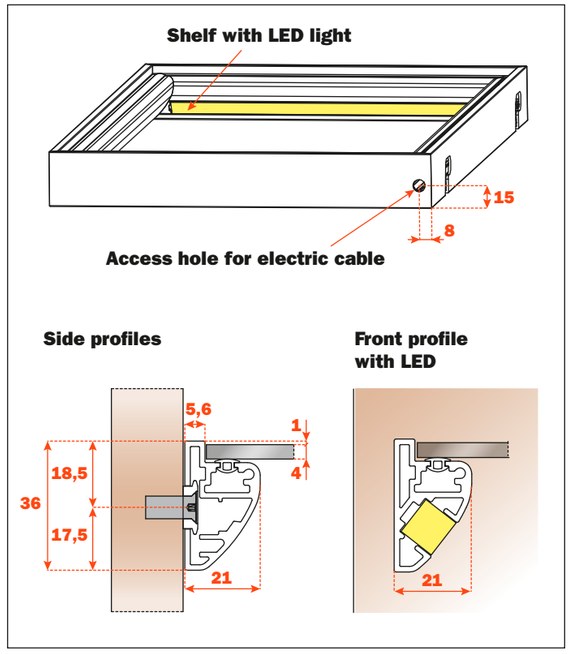
4. Use a screwdriver here to release the shelf

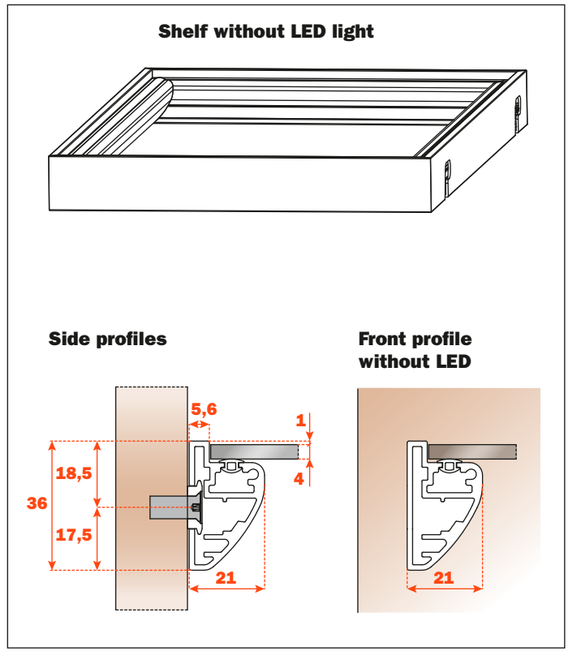


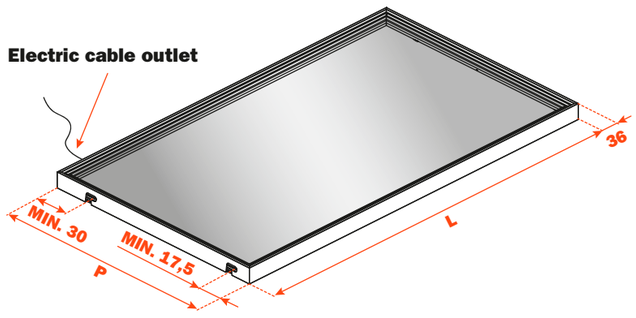
Excessories - shelves - aluminium frame H 36 mm

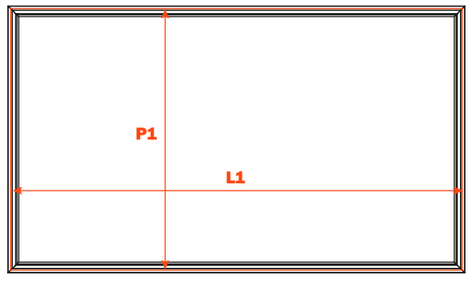
Shelf with aluminium frame

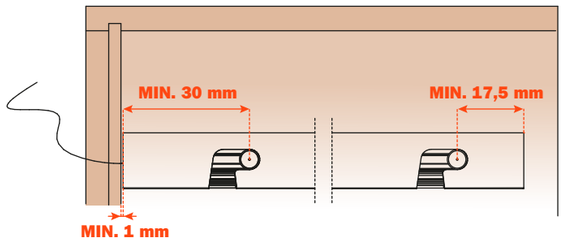
- Profile height: 36 mm
- Material: epoxy-coated aluminium
- Finish: metal grey brown
- Max. width: 1500 mm
- Fixing: side fixed with slide and lock device
- Complete with gasket to hold glass inlay in position
- Glass not supplied
- Available without LED light or with 3000K/4000K Dual colour, 24V LED light
- Supports for hanging rails to be ordered separately
- 3 metre extension cable included
- Custom made to order by specifying width (L) and depth (P)
- Consumption: 13W/M







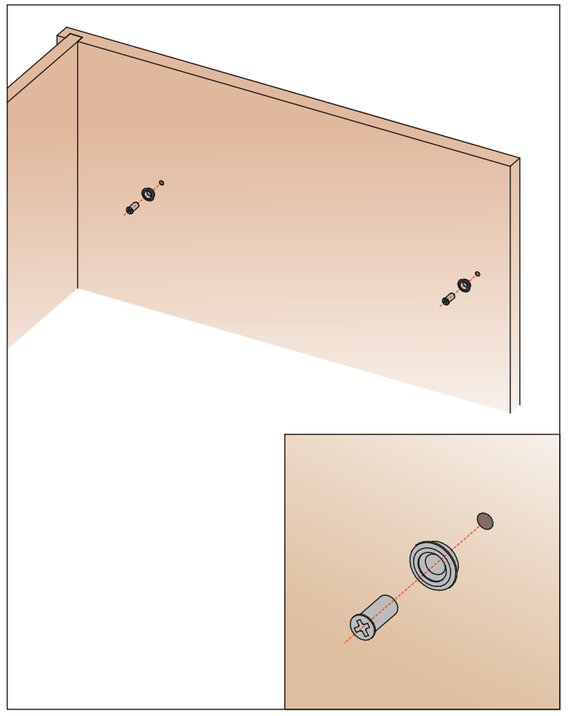




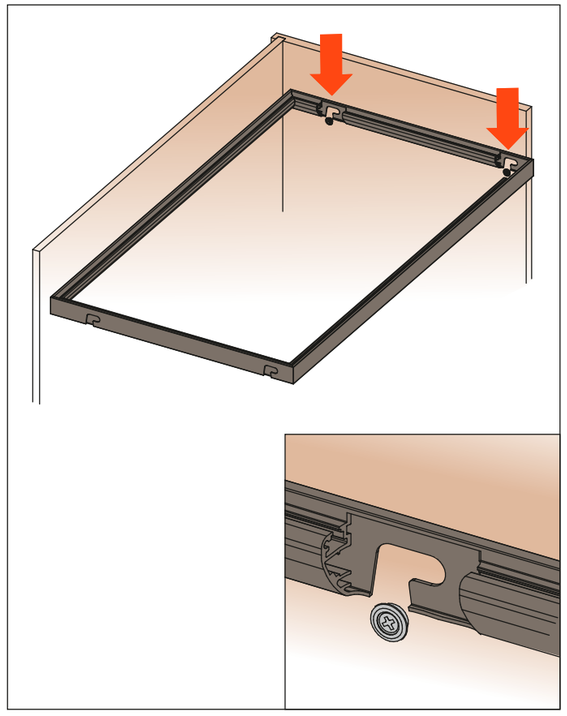
Internal width (L1) mm	Internal depth (P1) mm
L - 13	P - 13

Assembly instructions

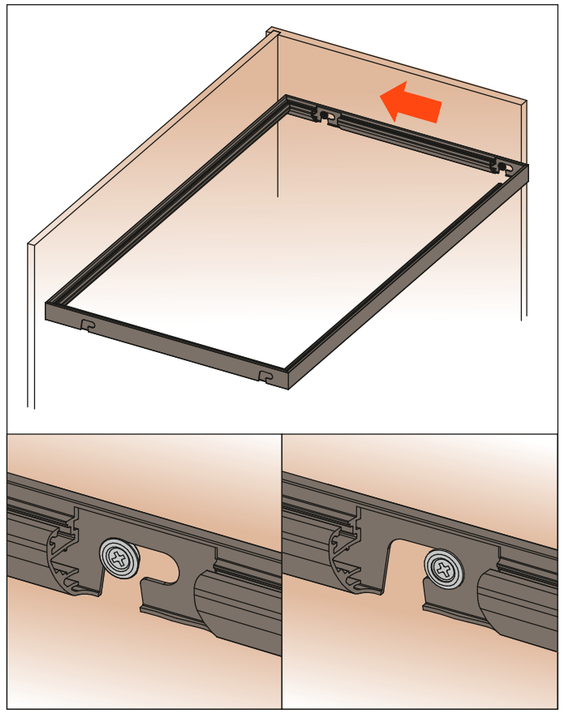
1. Screw-fix the supports to the cabinet side



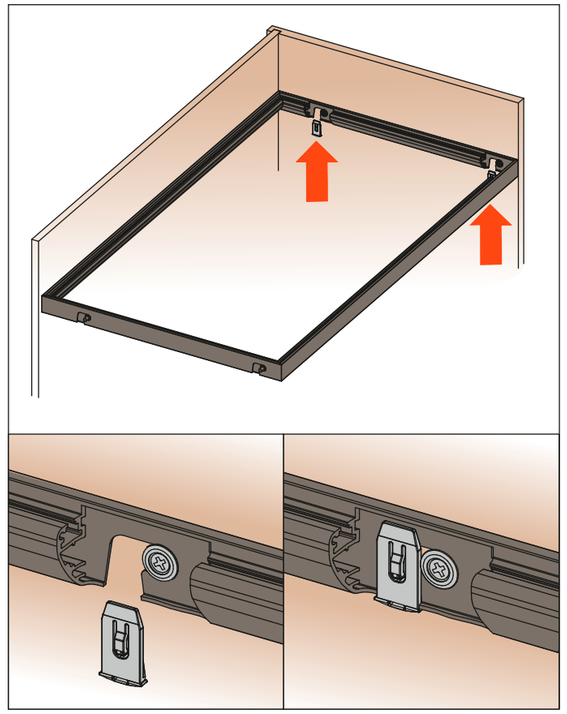
2. Place the shelf onto the supports



3. Slide the shelf backwards to secure it on the support



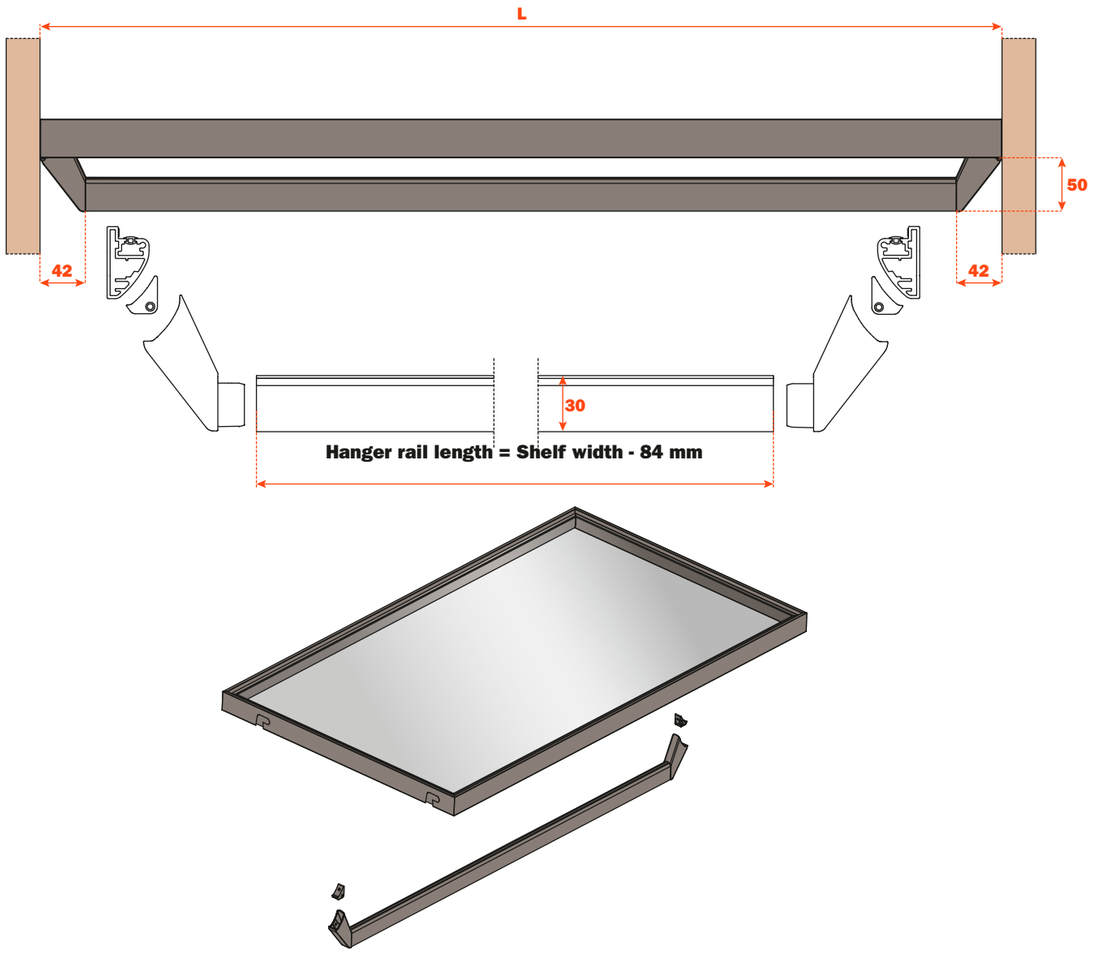
4. Insert the locking clips



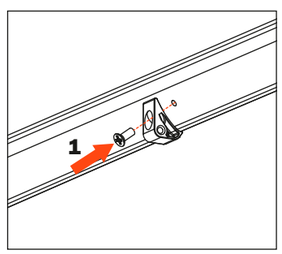
Excessories - shelves - aluminium frame H 36

YE80DAHA0133B = Hanger rail for clothes, 1000 mm length
YE80DAHA0233B = Hanger rail for clothes, 1500 mm length
YE80GMRA00533B = Side rail-holder supports

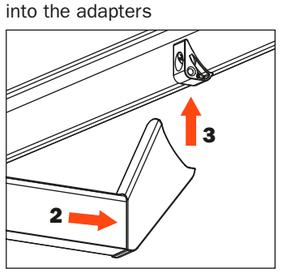
Hanger rail for clothes and rail-holder supports for shelf with aluminium frame H 36
- Hanger rail material: epoxy-coated aluminium, section 15 x 30 mm
- Supports material: epoxy-coated die-cast
- Finish: metal grey brown
- Max. recommended load capacity:
  - up to 1200 mm width: 30 Kg
  - from 1201 mm to 1500 mm width: 15 Kg
- Packing: 20 pieces per box, screws included
- Custom-length hanging rail available when ordering more than 20 pieces



Screw-fix the adapters to the shelf



Insert the hanger rail into the rail-holders and insert them into the adapters



Screw-fix the rail-holders to the adapters

Transformers

	Code number	Description	
1	**YE80EAMA101XXA**	Transformer 120/240 24V 90W 8U. + cable UE (1/1)	
	YE80EAMA102XXA	Transformer 120/240 24V 90W 8U. + cable UK (1/1)	
	YE80EAMA103XXA	Transformer 120/240 24V 90W 8U. + cable US (1/1)	
	YE80EAMA104XXA	Transformer 120/240 24V 90W 8U. + cable CN (1/1)	

	Code number	Description	
4	**YE80EAMA121XXA**	Transformer **EDC** 120/240 24V 90W 8U. + cable UE (1/1)	
	YE80EAMA122XXA	Transformer **EDC** 120/240 24V 90W 8U. + cable UK (1/1)	
	YE80EAMA123XXA	Transformer **EDC** 120/240 24V 90W 8U. + cable US (1/1)	
	YE80EAMA124XXA	Transformer **EDC** 120/240 24V 90W 8U. + cable CN (1/1)	

Wireless controls

	Code number	Description	
9	**YE80EBXA001XXA**	Wall mounted wireless control with dimmer function for light intensity and colour temperature. It transforms the standard buttons in wireless control.	
5	**YE80EBXA102XXA**	Wireless control with dimmer function for light intensity and colour temperature.	
6	**YE80EBXA003XXA**	Recessed wireless touch control with dimmer function for light intensity and colour temperature.	
7	**YE80EBXA104XXA**	Wireless touch and PIR (Passive infrared) control with dimmer function for light intensity and colour temperature.	

EDC function (Emotion Dual Color): colour temperature varies from “warm” to “natural”

Dimmer function

Range: 15 m internal area

Battery type: CR2450

Estimated battery life: 3 years

* Compatible with transformer with wireless control receiver

Excessories - shelves - electrical components

	Code Number	Movement sensor (IR) recessed mounted for single door	
11	**YE80EBMA123XXA**	IR DOOR TUBE - White - 1 door	
	YE80EBMA124XXA	IR DOOR TUBE - Black - 1 door	

	Code Number	Movement sensor (IR) recessed mounted for double door	
12	**YE80EBMA125XXA**	IR DOOR TUBE - White - 2 doors*	* x2
	YE80EBMA126XXA	IR DOOR TUBE - Black - 2 doors*	

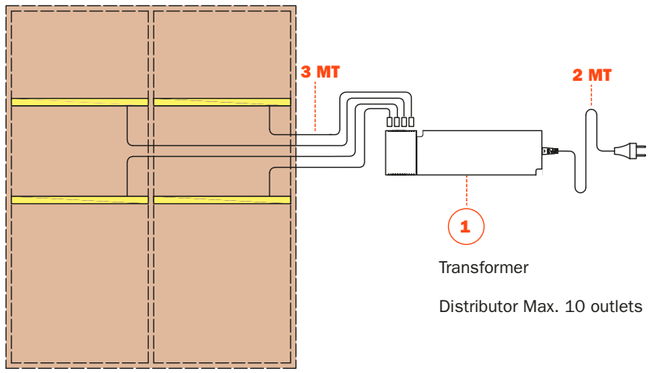
	Code Number	Proximity sensor (PIR) recessed mounted	
13	**YE80EBMA121XXA**	PIR sensor on 2 metre long cable Mono 24 V DC 4 Max 5 A total, max 3 A/output	

	Code Number	Proximity sensor (IR) recessed mounted	
14	**YE80EBMA122XXA**	IR Infrared sensor on 2 metre long cable Mono 24 V DC 4 Max 5 A total, max 3 A/output	

	Code Number	Wired module for IR and PIR sensors	
10	**YE80EMA101XXA**	WIRED module for proximity and movement sensors. One module is controlled by a sensor and has 4 outputs	

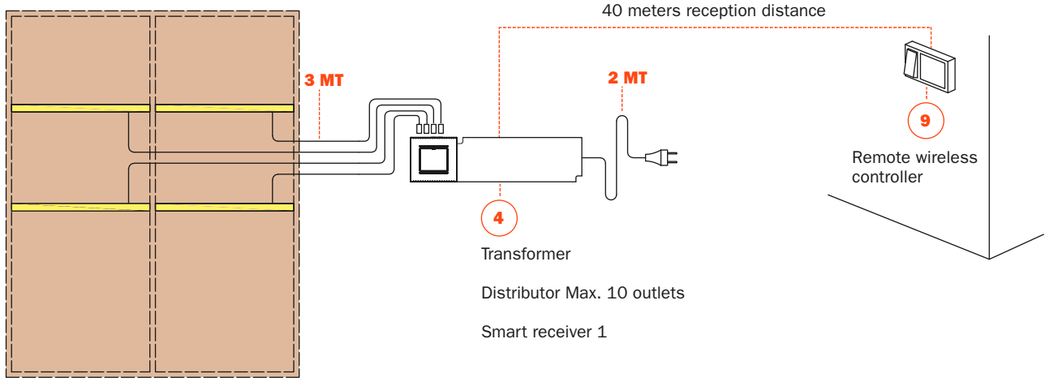
Excessories - shelves - aluminium frame - application examples

Activation by domestic switch



1 YE80EAMA10_XXA

Activation by smart switch controller

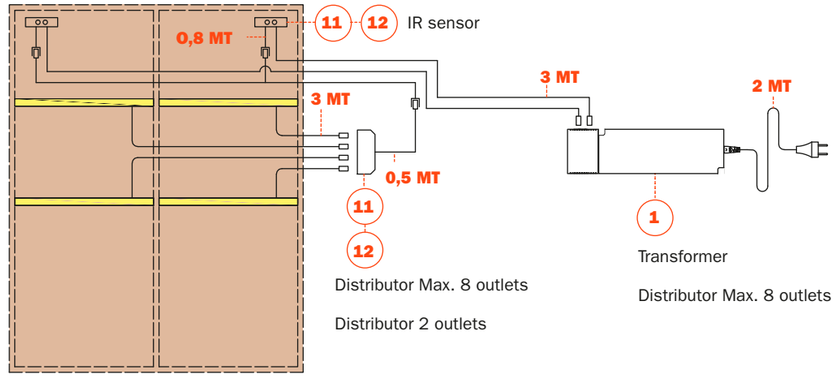


4 YE80EAMA12_XXA

9 YE80EBXA001XXA

Application examples

Activation with 1 or 2 IR sensors - Surface mounted/Recessed



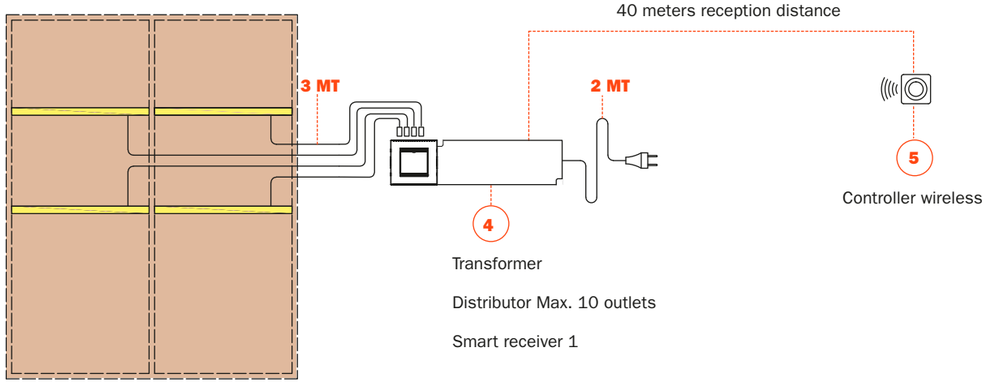
1 YE80EAMA10_XXA

11 YE80EBMA12_XXA

12 YE80EBMA12_XXA

* x2

Activation with 1 smart controller

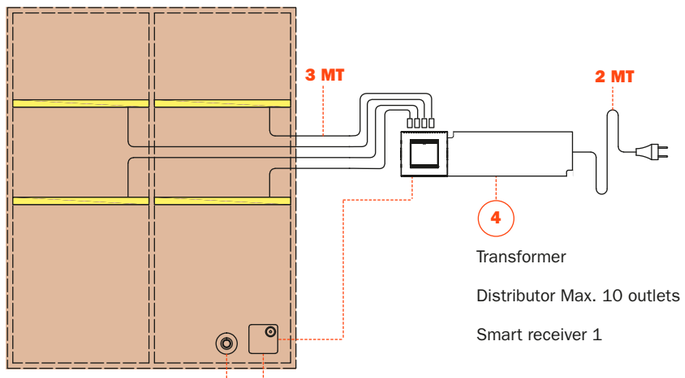


4 YE80EAMA12_XXA

5 YE80EBXA102XXA

Excessories - shelves - aluminium frame - application examples

Activation with 1 smart touch or smart sensor controller

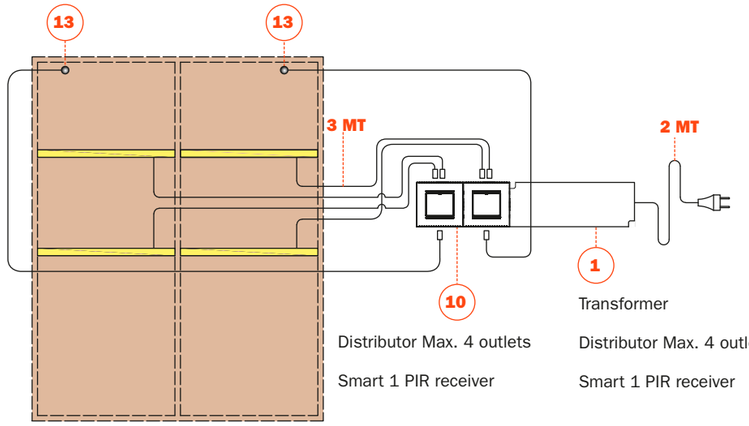


4 YE80EAMA12_XXA

6 YE80EAMA12_XXA

7 YE80EBXA104XXA

Activation with Smart 1 PIR controller



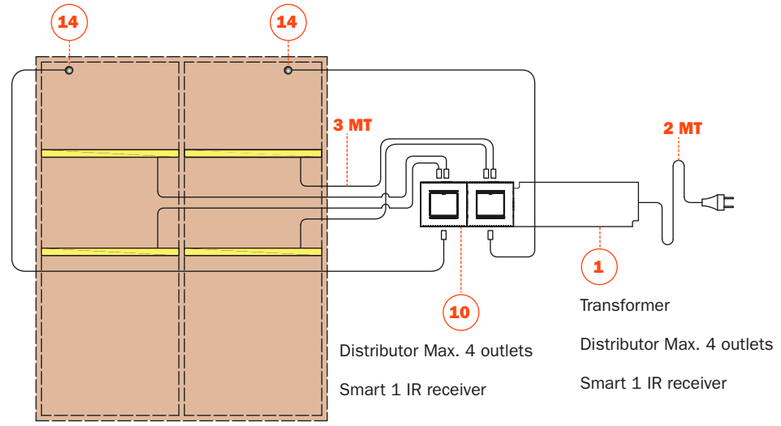
4 YE80EAMA12_XXA

10 YE80EMA101XXA

13 YE80EBMA121XXA

Application examples

Activation with Smart 1 IR controller



4 YE80EAMA12_XXA

10 YE80EMA101XXA

14 YE80EBMA121XXA
