***SALICE***

# Lineabox<sup>Easy</sup>

The innovative aluminium drawer with a timeless design

**Lineabox Easy** is the **aluminium** drawer by Salice with essential and elegant shapes.

The extremely reduced thickness and the clean and refined aesthetics make it a **versatile and multipurpose** element.

**Aluminium**, already chosen by Salice in the very first Lineabox version, is among the most eco-sustainable materials known with significant energy saving characteristics and complete recyclability.

**Lineabox Easy** was born from Salice's effort to implement every value-added optimization to improve the existing product, its performance and the perceived quality of the product.

## **Lineabox Easy** The innovative aluminium drawer with a timeless design

It is available in 4 different heights in the versions with 2 or 3 sides.

The 2-sided version includes an option that, by hiding the wooden back, further enhances the product.

• **Lineabox Easy 2-Sided** •

• **Lineabox Easy 3-Sided** •

• **Lineabox Easy 2-Sided - Inset Back** •

The Lineabox Easy range is completed by the under-sink version and the front panel for internal drawer, customisable with a decorative insert and also available in a version without insert.

• **Lineabox Easy - Under-sink drawer** •

• **Lineabox Easy - Front panel for internal drawer** •  
• **With decorative insert**

• **Lineabox Easy - Front panel for internal drawer** •

The whole range is available in **four finishes**:

• **White** •  
Epoxy paint with a matt finish

• **Stainless steel** •  
Brushed anodization and  
painted with UV transparent

• **Champagne** •  
Brushed anodization and  
painted with UV transparent

• **Slate grey** •  
New elegant finish. Epoxy paint with a matt finish.

**Lineabox Easy** The innovative aluminium drawer with a timeless design

The extremely reduced thickness makes Lineabox Easy one of the thinnest drawers on the market.

The frontal fixing elements are inserted inside its structure and therefore no screws are visible.

In addition to the aesthetic element, Lineabox Easy has been designed with some details in order to facilitate the work of our customers:

1. Salice has **renewed the frontal fixing**: a completely re-engineered geometry combined with the use of a technopolymer with above-average performance has made the mounting and the removal of the drawer frontal significantly simpler, increasing resistance and stability even when using high front panels.

2. Lineabox Easy provides for a progressive simplification of the offer:

1. **Profile cut to length** to ensure a finished and precise item.
2. **Profile cut to length + premounted connecting fitting.**  
Small operation, but with great added value: I reduce the assembly time while ensuring the maximum cleanliness in the combination of the elements.
3. **Kit** for the composition of a drawer including a pair of Salice runners: an acceleration in the search times for the order components, in order to produce a state-of-the-art drawer avoiding inefficient warehouses.

There is always the possibility to **create your drawer in complete freedom**, in the name of maximum modularity, to make your project possible starting from the profile.

**Lineabox Easy can be assembled quickly with no machinery needed. It is highly customisable and the dimensions of the back can be adapted to the width of the cabinet.**

The product is completed by a **template for the drilling of the drawer frontal**; simply insert it into the front of the sides and adjust the sliders to obtain the correct position of the holes on the front panel. Our template, after the measurement phases on the cabinet, is locked on the front panel allowing directly the drilling through the appropriate slots, ensuring the frontal fixing in a precise manner.

**The drawer movement is fluid and silent** thanks to the runners that complete the assembly: Futura and Progressa are compatible with Lineabox Easy in all full-extension versions and for all the dimensional variants available in the catalogue.

## **Lineabox<sup>Easy</sup> - 2-Sided**

**Lineabox Easy - 2-Sided - H 101 mm**

**Lineabox Easy metal sides, wooden bottom and back panel. Height of the side 101 mm - Internal height 72 mm. For use with Progressa and Futura full-extension runners.**

- Supplied in 3 metre length side profiles or cut to length
- Available with and without frontal and back premounted connecting fittings
- Available kit for the composition of a drawer including a pair of runners
- Rapid assembly system, with no machinery needed
- Available template for the drilling of the drawer frontal (optional)
- Rapid mounting and removal of drawer frontal
- Height, sideways and depth adjustment of the drawer incorporated in the runner fixing clips
- Bottom thickness: 16 mm
- Material: aluminium
- Sides: 90° cut end
- Finishes: White - Slate grey - Champagne - Stainless steel

**Setting of the back and the bottom of the drawer**

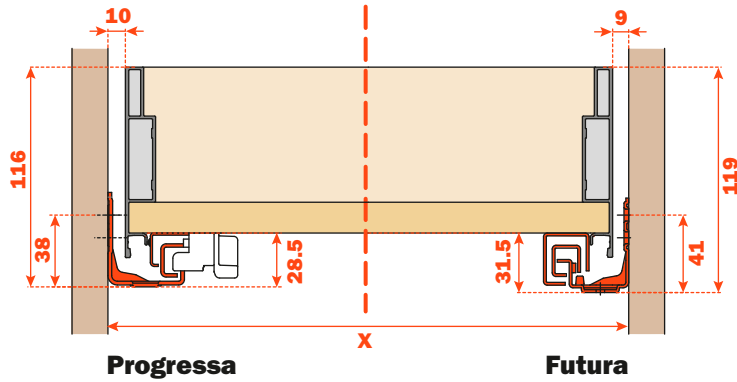

**X = Internal width of the cabinet**  
**S = Back thickness**

**Elements of the drawer**

## Dimensions

## Dimensions of the metal side

## Frontal drilling

**D1 = Frontal overlay on side of the cabinet**

**Y = Distance from the lower edge of the frontal to the Lineabox side**

The drilling of the frontal can be done using the **AGDLXA6** template.

## Back drilling

**Lineabox Easy - 2-Sided - Under-sink drawer - Inset Back - H 75 mm**

**Lineabox Easy metal sides, wooden bottom and back panel. Height of the side 75 mm - Internal height 46 mm. For use with Progressa and Futura full-extension runners.**

- Lineabox Easy sides cut to length and worked to hide the wooden back panel, further enhancing the product
- Available with and without frontal and back premounted connecting fittings
- Available kit for the composition of a drawer including a pair of runners
- Rapid assembly system, with no machinery needed
- Available template for the drilling of the drawer frontal (optional)
- Rapid mounting and removal of drawer frontal
- Height, sideways and depth adjustment of the drawer incorporated in the runner fixing clips
- Back and bottom thickness: 16 mm
- Material: Aluminium
- Sides: 90° cut end
- Finishes: White - Slate grey - Champagne - Stainless steel

## Dimensions

## Dimensions of the metal side

## Frontal drilling

**D1 = Frontal overlay on side of the cabinet**

**Y = Distance from the lower edge of the frontal to the Lineabox side**

The drilling of the frontal can be done using the **AGDLXA6** template.

**Lineabox<sup>Easy</sup>**  
**Front panel for internal drawer**

## Lineabox Easy - Front panel for internal drawer - H 101 mm

**Height of Lineabox Easy side 101 mm.**  
**Max. height of front panel 126 mm.**  
**For use with Progressa and Futura full-extension runners.**

- Included material:
  - aluminium for front panel
  - plastic for front panel adapters
  - metal for covers
- Complementary material:
  - Lineabox Easy: to choose between 2-Sided, 2-Sided - Inset Back and 3-Sided
  - decorative insert not included
  - Rapid assembly system, with no machinery needed
  - Frontal fixings are already premounted
  - Rapid mounting and removal of front panel
  - Finishes: White - Slate grey - Champagne - Stainless steel

### Assembly details (The example shows the frontal assembled with Lineabox Easy 2-Sided)

Cut the front panel to length

Insert the front panel adapters into the front panel and tighten the locking screws.  
 Frontal fixings are already premounted.

Fix the front panel to the drawer

Fix the covers

To correct any possible cutting errors of the panel, loosen and retighten the indicated screws

## Lineabox Easy - Front panel for internal drawer - H 178 mm

**Height of Lineabox Easy side 178 mm.**  
**Max. height of front panel 203 mm.**  
**For use with Progressa and Futura full-extension runners.**

- Included material:
  - aluminium for front panel and railing
  - plastic for front panel adapters
  - metal for covers
- Complementary material:
  - Lineabox Easy: to choose between 2-Sided, 2-Sided - Inset Back and 3-Sided
  - decorative insert not included
- Rapid assembly system, with no machinery needed
- Frontal fixings are already premounted
- Rapid mounting and removal of front panel
- Finishes: White - Slate grey - Champagne - Stainless steel

### Assembly details

Cut the front panel and the railing to length

Insert the front panel adapters into the front panel and the railing and tighten the locking screws. Frontal fixings are already premounted.

Fix the front panel to the drawer

Fix the covers

To correct any possible cutting errors of the panel, loosen and retighten the indicated screws

**Lineabox Easy - Front panel for internal drawer with insert - H 101 mm**

**Height of Lineabox Easy side 101 mm.**  
**Max. height of front panel 126 mm.**  
**For use with Progressa and Futura full-extension runners.**

- Included material:
  - aluminium for front panel
  - plastic for front panel adapters
  - metal for covers
- Complementary material:
  - Lineabox Easy: to choose between 2-Sided, 2-Sided - Inset Back and 3-Sided

#### Part number composition (example):

**AMPBX3GXXXX**

$x$  (internal width of the cabinet) - 18 = Futura  
 $x$  (internal width of the cabinet) - 19 = Progressa

**Minimum order quantity: 10 boxes for each dimension**

## Packing - 2-Sided - Kit (single packing)

### Contains everything necessary to assemble 1 drawer

- 2 side profiles with premounted frontal and back connecting fittings
- frontal and back fixings, screws
- 1 pair of Progressa Smove runners
- 1 pair of fixing clips

SIDE PROFILE H 101 mm 2-SIDED DRAWER	PART NUMBER	BOX	PALLET
Profile length up to 600 mm	<b>AM57M5_0XXXE</b>	a single drawer	40 pcs.

SIDE PROFILE H 178 mm 2-SIDED DRAWER	PART NUMBER	BOX	PALLET
Profile length up to 600 mm	<b>AM57A5_0XXXE</b>	a single drawer	40 pcs.

SIDE PROFILE H 237 mm 2-SIDED DRAWER	PART NUMBER	BOX	PALLET
Profile length up to 600 mm	<b>AM57H5_0XXXE</b>	a single drawer	40 pcs.

SIDE PROFILE H 75 mm 2-SIDED DRAWER	PART NUMBER	BOX	PALLET
Profile length up to 600 mm	<b>AM57B5_0XXXE</b>	a single drawer	40 pcs.

### Part number composition (example):

**A M 5 7 B 5 G 0 X X X E**

1 = White	Runner length - 10 - <b>S</b>
G = Slate grey	
C = Champagne	
S = Stainless steel	

**Minimum order quantity: 10 boxes for each dimension**

## Packing - 2-Sided - Inset Back - Kit (single packing)

### Contains everything necessary to assemble 1 drawer

- 2 side profiles with premounted frontal and back connecting fittings
- frontal and back fixings, screws
- 1 pair of Progressa Smove runners
- 1 pair of fixing clips

SIDE PROFILE H 101 mm 2-SIDED DRAWER	PART NUMBER	BOX	PALLET
Profile length up to 600 mm	<b>AM57M6_0XXXE</b>	a single drawer	40 pcs.

SIDE PROFILE H 178 mm 2-SIDED DRAWER	PART NUMBER	BOX	PALLET
Profile length up to 600 mm	<b>AM57A6_0XXXE</b>	a single drawer	40 pcs.

SIDE PROFILE H 237 mm 2-SIDED DRAWER	PART NUMBER	BOX	PALLET
Profile length up to 600 mm	<b>AM57H6_0XXXE</b>	a single drawer	40 pcs.

SIDE PROFILE H 75 mm 2-SIDED DRAWER	PART NUMBER	BOX	PALLET
Profile length up to 600 mm	<b>AM57B6_0XXXE</b>	a single drawer	40 pcs.

### Part number composition (example):

**AM57B6G0XXXE**

1 = White	Runner length - 10 - <b>S</b>
G = Slate grey	
C = Champagne	
S = Stainless steel	

**Minimum order quantity: 10 boxes for each dimension**

## Packing - Box of 5 PROFILES

### Side and back profiles - 3 metre lengths

SIDE PROFILE	PART NUMBER	BOX	PALLET
Side profile H 101 mm	<b>AMRMXX_3000</b>	5 pcs.	80 pcs.
Side profile H 178 mm	<b>AMRAXX_3000</b>	5 pcs.	60 pcs.
Side profile H 237 mm	<b>AMRHXX_3000</b>	5 pcs.	40 pcs.
Side profile H 75 mm	<b>AMRBXX_3000</b>	5 pcs.	80 pcs.
